Code Enforcement/Planning/Appeals Board Budget FY 2020/21

Only one change is proposed to the budget for the coming fiscal year when compared to the current year, and that is a reduction in the Planning Board budget by \$1,300. The Hancock County Planning Commission has gone belly up (for now). Our membership has not really been much of a benefit since we rejoined a few years back. They were of limited value during the Comprehensive Planning process, and in recent months the acting executive director has been indicted for theft of funds, and the doors have closed. I am recommending that no funding be approved in the budget for continued membership.

The current year budget should be sufficient for every other line.

Respectfully submitted,

Stu Marckoon, Adm. Asst. to the Selectmen
